# BARKER AND QUIN

## Hibiscus TONIC WATER

*Made with spring water and  
natural quinine*

200 ml

*In 1827 the legendary John Ross set out on foot from Port Natal to Delagoa Bay to obtain medicines and other vital supplies for the stranded survivors of 'The Mary'. Although not officially recorded, two very special companions provided additional eyes and ears against the lurking dangers. Introducing Barker, the plucky fox terrier who understood the law of the jungle all too well, and the parrot Quin, a little wacky yet as wise and as true as the sky.*

# HIBISCUS

*This floral infused tonic is made with natural Hibiscus, Honeybush and real Quinine. This flavour arrangement compliments various Gins, but is also delicious as a refreshing non-alcoholic beverage.*

*"The earth laughs in flowers"*  
Ralph Waldo Emerson

**COLOUR**  
Crystal clear.

**AROMA**  
Natural Hibiscus flower infused in the B&Q Indian tonic with a touch of Honeybush for mid-pallet.

**FLAVOUR**  
This particular Hibiscus flower brings a bouquet of Raspberries and Rose petal. The taste goes from Raspberry to that of Honeybush in the mid pallet, whilst the natural quinine finishes the drink with that classic tonic aftertaste.

**INGREDIENTS**  
Carbonated Spring Water,  
Cane Sugar, Citric Acid,  
Malic Acid, Hibiscus and  
Honeybush Flavouring,  
Natural Quinine

**SERVING  
SUGGESTION**

This flavourful floral tonic water can either be enjoyed with a handful of your favourite berries or dried citrus peel. Be playful with this one, she's fun! Add to 50ml of your favourite gin on ice, sit back and enjoy something a little different!
