BARKER AND QUIN

Honeybush Orange TONIC WATER

*Made with spring water and
natural quinine*

200 ml

In 1827 the legendary John Ross set out on foot from Port Natal to Delagoa Bay to obtain medicines and other vital supplies for the stranded survivors of 'The Mary'. Although not officially recorded, two very special companions provided additional eyes and ears against the lurking dangers. Introducing Barker, the plucky fox terrier who understood the law of the jungle all too well, and the parrot Quin, a little wacky yet as wise and as true as the sky.

HONEYBUSH ORANGE

A heritage flavour from South Africa is the key ingredient that carries the citrus notes of this tonic water. This tonic water will amplify the characters in any Gin & bring a fullness that is delectably refreshing.

COLOUR

Crystal clear.

AROMA

Natural Honeybush & Orange Flavour infused into B&Q Tonic Water, to create a citrus inspired mixer.

FLAVOUR

Orange forms the main bouquet and the Honeybush is prevalent on the taste, making this a perfectly balanced all round mixer. The lingering typically tonic finish makes this a real thirst quencher.

INGREDIENTS
Carbonated Spring Water,
Cane Sugar, Citric Acid,
Malic Acid, Flavouring,
Natural Quinine,
Honeybush, Orange

SERVING SUGGESTION

Add your ice to a long glass. Add (50ml) gin over your ice cubes. Add a beautiful green sage leaf and fill your glass with the delectable Honeybush Orange tonic water. Take a cinnamon stick and stir. Sit back and be refreshed!
