# BARKER AND QUIN

## Marula TONIC WATER

*Made with spring water and  
natural quinine*

200 ml

In 1827 the legendary John Ross set out on foot from Port Natal to Delagoa Bay to obtain medicines and other vital supplies for the stranded survivors of 'The Mary'. Although not officially recorded, two very special companions provided additional eyes and ears against the lurking dangers. Introducing Barker, the plucky fox terrier who understood the law of the jungle all too well, and the parrot Quin, a little wacky yet as wise and as true as the sky.

# MARULA

Taking our notes from the tree tops of Africa we present you with our Marula tonic water. This tonic is made with natural marula flavour and mountain spring water. Join us on a journey to the Bushveld.

### COLOUR

Crystal clear.

### AROMA

Natural Marula flavour infused in the B&Q Indian Tonic.

### FLAVOUR

This particular flower brings a bouquet that is exotic and tropical. The bouquet is potent & immediately takes you to the Bushveld. The taste is refreshingly different.

### INGREDIENTS

Carbonated Spring Water, Cane Sugar, Citric Acid, Malic Acid, Flavouring, Natural Quinine, Marula

### SERVING SUGGESTION

Take a sturdy tumbler, and add your ice cubes.

Add your gin of choice (50ml). Take a couple of leaves of fresh mint and drop it into the glass breaking it slightly.

Fill up with Marula tonic, sit back and enjoy the view.
